“ I am so glad that I came to visit with you a few days before you passed. I will always remember the times that you and my husband shared over the years. May you rest in peace.

“ Fred, you will never be forgotten by us, or our whole family. Loved to tease you about what book you were "really" reading. I'll miss seeing you sitting in the library every time I passed by the doors. Loved our dining room chats and teasing on Saturdays. Thank you for teaching everyone "That Life Is Good" and you now are resting with the best.

“ Fred, you will be missed. You spread laughter and joy up and down the halls of Spring Creek and never hesitated to remind everyone you met that 'Life is Good!'. You always had a book in hand and that library is going to feel very empty now without you in it. You were always so thankful for your wonderful wife and your wonderful life and I will miss your stories. Rest easy, my friend, knowing you are, and always have been 'solvent'.

XOXO
